

OIL FENCE BOOM

SolHuTec's [Oil Fence Boom](#) is designed for fast deployment and compact storage around your facility, port, dock or harbor. Often placed around boom reels or folded inside containers, these booms are able to be quickly transported and set up after a spill. All booms are manufactured from a robust 22 oz. PVC material and marine grade components that are equipped to handle continuous use in water and around spills.

FENCE BOOM FEATURES

- Section Lengths: 25 ft., 50 ft. or 100 ft.
- Total Height: 12", 19", 24", 36"
- 22 oz. Impermeable PVC Fabric
- Bottom Ballast Chain
- Models with and without Cables

FENCE BOOM USES & APPLICATIONS

- Ports
- Harbors
- Marinas
- Docks
- Loading/Unloading Areas

FENCE BOOM ADVANTAGES

- Perfect for Boom Reels
- Flat Foam for Stacking or Folding
- Easy to Transport and Deploy
- Compact Storage Around Facilities
- Quick Response During Emergencies
